 @easyfreshglobal

Our **Mission** is to supply integrated logistics solutions for perishable cargo globally.

Vision

- * *Worldwide Network* : We serve our customers everywhere in the world and with strong local know-how.
- * *Dedicated*: We are dedicated to the logistics of perishables.
- * *Multimodal transportation*: We offer all realistic transport modes and its combinations to our customers, under temperature controlled environment.
- * *Desired and selected logistics provider*. We are the customer's choice when supplying logistics solutions for perishables.
- * *"Green minded"*: We are committed to offer sustainable transport solutions to customers, respecting nature, as demanded by final consumers of our customers' goods.
- * *Solid and long-term relationship with sub-contractors*: We have long term deals with our sub-contractors, to offer reliable logistic solutions for our customers.

CARGO SERVICES

We are Supply Chain Managers (SCM)

We provide our customers with world class perishable handling expertise. We are growing our network and strategic partners to meet the growing consumer demands for fresh, frozen and **healthy commodities** year round.

From farm to final destination ; we offer our customers door/door, door/port, port/door, using any viable transport mode (port/port is not a goal). In our transport packages we offer a **variety of services** :
